

## **Request for Motorized Use in Wilderness Battle Creek and Owens Allotments**

*Little Jacks Creek Wilderness Area*

The Bureau of Land Management-Bruneau Field Office, has received requests for motorized access for range improvement project maintenance and salt placement within the Little Jacks Creek Wilderness. These requests are being considered in an environmental assessment as part of the permit renewal process for the Owens and Battle Creek Allotments. Please copy and paste the following link into your web browser <http://go.usa.gov/xn8X2> to the Bureau of Land Management's ePlanning website to access the permittees' applications (Appendix D) that contain requests for motorized access into wilderness and review Chapters 1 and 2 of the environmental assessment.
