Pine Nut Gather Fact Sheet
July 2019

What: Pine Nut Herd Management Area Wild Horse Gather

Where: Immediately south of Dayton and east of Carson City and Gardnerville, Nevada within Lyon, Douglas, and Carson City Counties, Nevada

Planned number of horses and burros to be removed: 148 wild horses

Planned number of mares to be treated with the fertility-vaccine PZP and released back to the range: Aproximately 16

Planned number of horses and burros to be removed from HMAs: 109 excess wild horses

Population to be left in HMAs: Approximately 119

Planned duration of gather: The gather will last up to five days.

Reason/s for the Gather: This gather is being conducted to adjust the wild horse population size to within the appropriate management level (i.e. 118-179 wild horses), to restore a thriving natural ecological balance, and to sustain healthy rangeland resources.

All orphaned foals that require special care will be sent to the Northern Nevada Correctional Center for care.
