

BLM Fee Chart

Sales or Auction Fee				Comments
Current Crude Helium Price FY 2017		\$119.00	per MCF	10/1/2017 to 9/30/2018 (updated prior to each Auction or Sale) Will be set after auction: 90% Reserve Price* + 10% Weighted Average Auction Price Reserve Price (beginning bid for all auction lots). No lot will be sold under the Reserve Price
	FY 2018 Sales	TBD	per MCF	
	FY 2018 Auction	\$119.00	per MCF	
Auction and/or Sales Administration Fee-		\$1,000.00	per Auction or Sale	
				This Fee is to offset the governments administration cost to setup and manage sales and auction. It is paid only once annually. If a company comes to the auction is unsuccessful in winning, the fee will be reimbursed. For companies that qualify for auction and sales the fee is only paid once.
NOTE: all winning bidders in Helium Auction and/or sales must purchase a storage contract. See fees below.				
* Reserve Price - the opening bid for Helium Auction,				
Storage Program		(see sample storage contract for more details)		
Storage Contract Fee -		\$18,000.00	per Year	Section 4.1(a) of the Storage Contract, paid annually
Acceptance/Redelivery Point Assessment Charge		\$20,000.00	per Year	Section 4.1(b) of the Storage Contract, paid annually for each acceptance/redelivery point
Monthly Activity Charge		See storage contract		Section 4.1(c) of the Storage Contract, paid monthly, Companies can choose to pay for the entire year with one payment
Storage Fee (ST)		\$1.28 per Mcf		
Transportation Fee (TR)		\$1.16 Per Mcf		Section 4.1(c) of the Storage Contract, Companies pay monthly on monthly activity
Reservoir Management Fee (RMF)		\$.3853 per Mcf		Section 4.3 of the Storage Contract, paid over 10 monthly November to August by CRLP Refiners
Low Purity Charge		\$2.3800 per Mcf		Section 4.1(d) of the Storage Contract, for FY2014. recalc each FY, paid by extractors who insert gas into the Federal Helium Pipeline that does not meet contract specifications
Transfer Charge		\$200.00 per Transfer		Section 4.1(e) of the Storage Contract, paid by sending compay
Low Sample Pressure Charge		\$500.00 per sample cylinder		Section 4.1(f) of the Storage Contract, paid only be companies that have acceptance/redelivery points on the Federal Helium Pipeline System
Compression Facilities		see storage contract		Section 4.4 of the Storage Contract (paid by refining entities only), recalc each FY
Reservoir Management Fee		\$0.3853 per Mcf		Section 4.5 of the Storage Contract (paid by refining entities only), recalc each FY
Overdrawn fee		\$1000 plus 2 times the current crude helium price per day		Section 7.2(c) of the Storage Contract
(example: if 100 Mcf on day 1 & 200 Mcf was overdrawn on day 2: the fee would be \$59,000 (\$1000 + 100 x \$190 plus \$1000 + 200 x \$190)				
In-Kind Program		(see sample In-Kind contract for more details)		
In-Kind Price:	FY2018	\$86.00	per Mcf	FY 2014 (Entities can only purchase up to the amount of Refine Helium sold to either a federal agency, federal grant holder, or federal contractor for government use only)
	FY 2017	\$83.00	per Mcf	
non-compliance fee		\$1,000.00	per instance	Section 3.3 of the In-Kind Contract
