*Text continues with detailed information about specific areas within the monument.*
There is something for everyone at Berryessa Snow Mountain National Monument. The monument provides opportunities for hiking, picnicking, camping, birding, fishing, swimming, hunting, hang gliding, whitewater rafting, and climbing, and many other outdoor activities. Please contact us for updated information about seasonal access.

**Off-Highway Vehicles**

Off-Highway Vehicles (OHV) recreation is a popular activity, with many areas having developed trails, roads, and facilities for OHV recreationists. The Mendocino National Forest Motor Vehicle Opportunity Guide (MVOG) and trail maps for SLM Indian Valley and BLM Knoxville Management Area provide detailed information about OHV trails and uses within the monument. These maps are available online at Mendocino National Forest and BLM offices.

Be aware that some roads allowing OHV use may also have regular vehicle traffic. All OHV classes on public lands in the State of California must wear a safety helmet and all vehicles must be registered in compliance with State of California regulations.

**Hunting and Fishing**

Hunting and fishing are permitted seasonally, in accordance with California Department of Fish and Wildlife licensing requirements. Expecting the State Game Refuge, all federally managed lands on the monument are open to hunting. Check with the U.S. Forest Service Office in Mendocino National Forest before you go to confirm when target shooting is allowed and where it is. Do not use nose, sign, glass objects, or exploding objects for target practice. Fireworks must not be discharged from a road, across a road or trail, across a body of water, or within 50 yards of a campground, facility, or inhabited area.

**Camping**

There are several developed campgrounds and dispersed sites throughout the monument. Many developed campgrounds are within just a few miles of it.

Campfire permits are required while recreating in the national monument and are required for all dispersed camping. "Dead and down" wood may be used for campfire.

The stay limit for campers on federal lands is 14 days. All campers are first come, first serve. This comes with the exception of some group campers that can be reserved online at www.recreation.gov or by calling 877-444-6777.

Some campgrounds and trails may be temporarily closed due to fire, flooding, erosion or other weather events. Please consult Mendocino National Forest or the Bureau of Land Management Ukiah Field Office for the latest information about campgrounds and trail access.

**Hiking & Equestrian**

Hikers can enjoy diverse terrain at a wide range of difficulty levels. Many trails lead to backpacking trips, with several of this monument offers different experiences. Hikers can spend one day on a trail hike at Snow Mountain, then spend the next watching eagles at Cache Creek. Summit Trailhead provides equestrian access to many of the national monument's near OHV trails and are required for all dispersed camping.

**Trailhead State Land**

Visitors to the national monument can explore a wide variety of terrain at a wide range of difficulty levels. Many trails lead to backpacking trips, with several of this monument offers different experiences. Hikers can spend one day on a trail hike at Snow Mountain, then spend the next watching eagles at Cache Creek. Summit Trailhead provides equestrian access to many of the national monument's near OHV trails and are required for all dispersed camping.
