### Roll Call

➤ Noted

**Nick D.**-Antitrust guidelines apply. If there are any questions, please let me know.

Any update on COVID?

**Mark M.**-No changes for COVID. Pressure is 1390. Still injecting Waukesha 2 into Bivens A6.

We may stop injection and bring the pressure back up a bit we can talk about that if you want. Kinder Morgan pressure has been a bit of an issue. We aren't flaring at the moment.

**Nick D.**-No reported incidents. Focus is on the follow up on the NGL incident. Does anybody have any questions?

Ok, if you have something and you want to check with me separately then I am available. We are trying to take care of things without necessarily visiting the site. I don't really have anything else.
