Roll Call

➤ Noted

Nick D.-Antitrust guidelines apply. If there are any questions, please let me know.

Any update on COVID?

Mark M.-Everyone is back to work.

Operational report: Pressure is 1106. Startup was rough. Not flaring at the moment.

Nick D.-We do have an update to the system bypass list. I did send that out an update from Brad. Are there any new cases?

Brad B.-That report was taken on the 5th, we just randomly pick a date now.

Nick D.-Last week training was ongoing on the site.

Keith L.-That is the OSHA 30 training, we got about 60% done and the rest will be done online.

Nick D.-BLM IT department asked to review interfaces between CRLP and BLM. IT is working on the Historian and has tracked it back to a firewall that they are wanting to talk about with people that are more knowledgeable than me.

Brad B.-We are waiting for IT to assign a person to that but Brent is waiting to hear back to get a conference call.

Nick D.-Ok is there anything else from the group for follow up?
