NOTICE

Accepting Geothermal Lease Sale Nominations

The Bureau of Land Management (BLM) Utah State Office is accepting nominations of lands for geothermal leasing for a competitive geothermal lease sale tentatively scheduled for October 2022. The geothermal nomination period for the October 2022 sale is July 20, 2021, to September 7, 2021.

Land nominations must be submitted on Department of the Interior (DOI), BLM Form 3203-1, and comply with 43 CFR 3203 (72 FR 24406, May 2, 2007). Please refer to these regulations for nomination requirements regarding maximum acreage, acceptable land descriptions, and nominating parcels as a block. These regulations may be found at <https://www.ecfr.gov> under Title 43, Volume 2, Chapter II, Part 3200.

Nominations are not automatically placed on a sale when received, and BLM cannot guarantee that the nominated lands will always be included on a particular sale notice. The parcels must be reviewed for availability, as well as environmental and cultural concerns, prior to being placed on a sale. Sale parcels will normally be configured as requested; however, BLM reserves the right to adjust the parcel size and configuration as needed.

As required by the FY 2021 Fee Schedule for Fixed Fees (43 CFR 3000.12), each nomination must be submitted with a nonrefundable filing fee of \$125.00 per nomination plus \$0.12 per acre of lands nominated. If a land parcel consists of fractional acreage, round it up to the next whole acre.

Sale notices, sale results, and Form 3203-1 will be posted on our website at: <https://www.blm.gov/programs/energy-and-minerals/renewable-energy/geothermal-energy/regional-information/utah>.

If you have any questions, please contact Leslie Wilcken at lwilcken@blm.gov or (801) 539-4112.
