Grand Valley Recreational Target Shooting Ranges Special Recreation Management Area

Shooting Opportunities:

Be a responsible recreational shooter!

Use areas open to recreational target shooting. The Open Off Highway Vehicle (OHV) Area is closed to recreational target shooting. The intent is to reduce conflicts between shooters and OHV riders and protect private residences adjacent to public lands.

Trash:

Always remember to “Pack it in, Pack it out”. Dumping trash on public land is illegal. Trash dumps, trigger trash, and shooting targets belong in the landfill, not on public lands.

Help keep your public lands clean!

Please report dumping to the Grand Junction Field Office at 970-244-3000.
