300–Jack Wilson Headquarters Repairs and Uninterruptible Power Supply Replacement

**Project ID L103**

**FIRE AND AVIATION DIRECTORATE, IDAHO**

**Purpose and Need:** This project will replace two existing server room uninterruptable power system units along with two battery banks to modernize critical infrastructure necessary to support wildland firefighting activities. The office suite on the first floor will be repaired to meet Department and building standards, modernize infrastructure, and reduce annual maintenance costs. This project also repairs the main entrance lobby, where the failed subgrade has resulted in broken floor tiles, causing tripping hazards, and will repair aging and failing HVAC components, which will reduce annual maintenance costs and modernize infrastructure.

**District or Unit Name:** National Interagency Fire Center

**Year Constructed or Established:** Building in 1992; site in 1968

**Recreational Opportunities:** Wildland Firefighters Monument visitation

**Annual Visitation:** 2,122 at headquarters building; 5,222 at site

**Building and Structures Project**

**GAOA Funding, Fiscal Year 2021:**

$1,010,000

**Total Economic Benefits from BLM Building and Structures Projects, Fiscal Year 2021:**

353 jobs supported

$37.7 million in economic contributions

**Estimated Deferred Maintenance Reduction:**

$1,010,000
405–Hangar Fire Safety System Replacement

**Project ID L106**

**FIRE AND AVIATION DIRECTORATE, IDAHO**

**Building and Structures Project**

**Purpose and Need:** This project will repair the outdated fire detection and notification system and the HVAC system. The existing fire detection and notification system is 15 years old and requires continual repairs. Repairs will reduce false alarm calls and modernize infrastructure to reduce maintenance costs and provide a reliable system in the event of an emergency.

**GAOA Funding, Fiscal Year 2021:** $275,000

**Total Economic Benefits from BLM Building and Structures Projects, Fiscal Year 2021:**

- **353** jobs supported
- **$37.7 million** in economic contributions

**Estimated Deferred Maintenance Reduction:** $375,000

**District or Unit Name:** National Interagency Fire Center

**Year Constructed or Established:** Building in 1984; site in 1968

**Recreational Opportunities:** Wildland Firefighters Monument visitation

**Annual Visitation:** 5,222 at site
Campus Storm Drain Piping Replacement

Project ID L107

District or Unit Name: National Interagency Fire Center

Year Constructed or Established: 1968

Recreational Opportunities: Wildland Firefighters Monument visitation

Annual Visitation: 5,222 at site

WATER AND UTILITIES PROJECT

Purpose and Need: This project will repair an aging drainage system that is causing water damage to structures and items that are stored outdoors. Additionally, current runoff interrupts the flow of traffic and accessibility during times of flooding and causes a slipping hazard when the pavement is wet or frozen. This project will modernize infrastructure and prevent flooding of areas surrounding equipment and buildings.

GAOA Funding, Fiscal Year 2021: $245,000

Total Economic Benefits from BLM Water and Utilities Projects, Fiscal Year 2021:

188 jobs supported

$19.7 million in economic contributions

Estimated Deferred Maintenance Reduction: $245,000
