Why is Red Rock Canyon National Conservation Area implementing a Timed Entry Permit System?

On November 3, 2020, Red Rock Canyon National Conservation Area (RRCNCA) implemented a timed entry system to improve access, the visitor experience and to better protect natural and cultural resources. RRCNCA is the most visited National Conservation Area in the country with over 3.5 million visitors last year. Visitors experience a high level of congestion in many areas of the Red Rock Canyon Scenic Drive area from October through May.
