- Indian Reservation
- Bears Ears National Monument Boundary

Visitor Information

Ranger Station	Trailhead	Campground	Point of Interest	Visitor Center	Gas Station
Hiking Trail	Overlook/Scenic View	Primitive Camping Area	Restroom	Hospital	Food Service
OHV Trail	Historic Site	Group Campsites	Boat Ramp	Kiosk	Fee Tube

DISCLAIMER: This information is provided by the BLM as a courtesy only. No warranty, expressed or implied, is made as to the current validity of this information. The BLM is not liable for any incidents arising from the use of this information. Trail ratings are intended to serve as a general overview of difficulty level and may vary from ratings in other areas or additional sources. Weather events can quickly alter trail conditions and increase difficulty levels; be prepared for changing conditions at all times. Unsecured, abandoned mines may be present near trails for your safety, do not enter these areas. Users are solely responsible for their own safety while enjoying public lands. Please respect the rights of others, including private property owners. Check in with the field office to confirm road closures, restrictions, and current conditions. Map produced March 2017, edited March 2018.

Roads Disclaimer

Roads and routes within the BLM Monticello Field Office are mostly dirt, clay sand, gravel or rocky. These roads and routes are subject to flooding and may be impassable when wet. High clearance four-wheel drive vehicles are recommended for most routes while others may require an All Terrain Vehicle (ATV). Conditions change, so please inquire at the BLM Monticello Field Office for current driving conditions. Leave gates open or closed as you find them and please respect private property.

RESPECT AND PROTECT

Archaeological sites and artifacts are an important and irreplaceable part of America's heritage. Please visit these places respectfully.

Fossils such as dinosaur bones and tracks can be fragile, please do not walk on them. Molding fossil tracks is not permitted as it damages the tracks.

For more information about the BLM and Tread Lightly's campaign to eliminate the looting and vandalism of archaeological and paleontological resources in Utah, visit: [TreadLightly.org/programs/respect-and-protect/](https://treadlightly.org/programs/respect-and-protect/)

What you can do to protect ancient and sacred places

- LEAVE ALL ARTIFACTS:** Keep discovery alive. Leave all artifacts where you find them so the next person can share the experience. It's illegal to move or take any artifact, including historic trash, from public lands.
- AVOID BUILDING CAIRNS:** Keep the landscape natural by leaving only footprints. Cairns can increase impacts on sensitive sites and are frequently constructed with artifacts like grinding, construction or shrine stones.
- CAMP & EAT OUTSIDE THE SITE:** Camping, fires and food can damage the archaeological remains and also spoil the view for other visitors.
- STEER CLEAR OF WALLS:** Historic and prehistoric structures can be easily damaged. Please refrain from touching, leaning, standing or climbing on any structures, no matter how solid they look.

Visit with Respect

- DOGS ARE BEST OUTSIDE:** Keep pets leashed away from archaeology where they won't dig, poop or cause erosion inside a site. Also, know where dogs are and are not allowed.
 - DON'T TOUCH ROCK ART OR MAKE YOUR OWN:** Vandalism of petroglyphs and pictographs erases stories of ancient people and destroys the experience for future visitors.
 - TEACH KIDS RESPECT:** Archaeological sites are not playgrounds. Please teach children respect. Keep a close eye so kids don't get hurt or accidentally damage the site.
- Other tips for visiting places of cultural, historic and scientific value:**
- Use rubber-tipped hiking poles. Go to the bathroom away from sites.
 - Pay your fees.
 - Historic trash isn't garbage.
 - Don't build fire rings.
 - Don't grind in grinding slicks.
