Hi Rem & Dave,

FYI: I was contacted by Sue Tone of the Prescott Daily Courier Below is the statement we gave her to print, We also met with Steven Mauk and Rowley Simmons yesterday. It went well and we are going to work together on community relations.

I have a couple questions regarding drilling and would like to have a brief conversation Monday or Tuesday of next week. I will be down in Phoenix on Tuesday so if I can stop I that might work to Please let me know if you are available and if not when we a good time would be.

Please let me know. Thanks very much.

Hello Areta,

I hope this email finds you well. I report for the Prescott Courier newspaper and was present at the Oct. 21 meeting. I'd like to talk to you more about the exploration at the Kirkland Mine and am hoping there is a good time to reach you tomorrow by phone. I appreciate your offer to meet with residents one-on-one, especially after hearing how some of them expressed their fears and concerns. I'm wondering if you have had any meetings and how did they go?

Some of the questions I have are to verify information that came up during the meeting, as I like to have accurate facts and information for our readers.

1. Spelling of your name – I've also seen it Arretta.
2. Your title with the company – owner? Vice president?
3. You've owned the company for 28 years, or the mining claims for 28 years?
4. Can you talk about whether there is hazardous dust in the material, and if so, what kind it is?
5. Have you gotten any news back from companies that might find good use of the tuff?
6. If you know, what are your plans for the future on the parcel?

Thank you in advance – if it's easier to reply by email, please do so. Otherwise, I will give you a call tomorrow in between my assignments that take me out of the office (Tuesdays are busy).

Sue
