Tomorrow Rem will be updating the Yavapai Board of Supervisors on on-going and upcoming projects. He intends on including the Kirkland Mining Plan of Operations in the discussion, *including* the dates for public scoping.

Please let me know by the end of today if you feel based on yesterday's letter that we will still meet the June 23 deadline (you will need to submit the updated plan by this Thursday so Shelby can review on Friday and hopefully accept the plan).

As I indicated, we can change the beginning of the scoping to June 28 and that won't affect the open house on July 11.

The goal was for Amanda to put in this mail this Friday all the letters. I have not seen a final mailing list.

Yes, we're planning on it. I spoke with my team and we have already started drafting the response to update MPO. We will have it completed by today however, Amanda is traveling home today and Erik is out of the office today.

We will send later today to Erik and Amanda to review. After our conference call with you and Shelby tomorrow morning we plan to send over our updated MPO for Shelby's approval.

Thank you for your continued efforts they are much appreciated.
