We are one week from starting public scoping.

If we are unable to get the updated Plan and the BLM determines that it is complete by this Friday, we will delay the start of the scoping period to June 28. We would still have the open house on July 11.

Any later than June 28 and we will get complaints that we didn't provide sufficient notice of the open house.

Can you please send over the MPO recommendation's of the 2 changes we discussed Thursday. We will have them worked on ASAP and turned right back over to so we can meet the Friday deadline.
