Hello Shelby,

Attached is the Arizona Game and Fish Departments response to the BLM Hassayampa Field Office Notice of Public Scoping sent on June 26, 2017 in regards to the Kirkland Mining Company pozzolan mine. Please note that a hard copy was also sent in the mail on July 17, 2017 with the same Department materials. Thank you for giving us an opportunity to provide comments on this proposed action. If you have any questions regarding the Department's response please feel free to contact me.

Thank you.

Dee Kephart
