Project Name: Adaptive-Use Park - Home Field

Round: 17  Tab #: 1

County: Clark

Location: Stephanie Street and Russel Road, Henderson, Nevada

Nominating Agency/Entity: City of Henderson

Funding Requested: $8,477,808

Project Description:
The City of Henderson is proposing an adaptive-use park to be located at the southwest corner of Stephanie Street and Russell Road, immediately west of the existing Russell Road Recreation Complex. The nearly 8-acre Henderson Outdoor Multiplay Environment, known as HOME Field, will be the first recreational facility specifically designed to serve individuals with special needs in Southern Nevada. Facilities will be ADA accessible and open to people of all ages and abilities to encourage active integration and learn to gain an appreciation for what makes everyone different. The broad range of sports and recreation activities programmed for the complex will enable people with special needs to discover new strengths and build their confidence. The project will provide a baseball/beepball field, four basketball courts and ancillary appurtenances, two soccer rinks, play area with features adapted to special needs individuals, water play area incorporating nature components, parking area, restroom, event plaza space, park lights, drinking fountains, picnic tables, bbqs, benches, dogi pots, bike racks, trash receptacles, landscaping and irrigation, interpretive kiosks, half-mile trail, signage, shade structures, and a nature area that allows park users to experience nature firsthand.
**Project Name:** Bunkerville Park Improvements

**Round:** 17  
**Tab #:** 2

**County:** Clark

**Location:** 200 Virgin Street, Bunkerville, Nevada

**Nominating Agency/Entity:** Clark County

**Funding Requested:** $1,890,174

**Project Description:**
Clark County will design and construct improvements for the Bunkerville Park located at West Virgin Street and North Second West Street in Bunkerville, Nevada. The improvements project will encourage children and adults to venture outdoors for exercise and discovery by providing new recreation facilities. These will include a park walking trail, a Nature-Play Area, a medium-sized covered pavilion with picnic tables, barbeques and trash enclosures, and enhanced native landscaping and shade trees throughout. The project will also include an on-street trail connection to the existing 2.5 mile Bunkerville Trail which was a SNPLMA Round 6 funded project. The trail/park improvements will enhance outdoor recreational opportunities and help foster interaction with the natural environment. The project is located in a recreationally underserved area.
Project Name: Charleston Heights Park Renovation

Round: 17 Tab #: 3

County: Clark

Location: 2221 Maverick Street, Las Vegas, Nevada

Nominating Agency/Entity: City of Las Vegas

Funding Requested: $1,400,000

Project Description: The City of Las Vegas proposes the design and renovation of Charleston Heights Park a 4-acre park, located at 2221 Maverick Street in a mature part of the city. This project will provide traditional park improvements including playground equipment, basketball courts, youth soccer fields, shade shelters, restroom, and walking track to restore a well-used existing park that is beyond its useful service life in an underserved area.
### Project Name:
Harris Marion Park and Trailhead

### Round:
17  
Tab #: 4

### County:
Clark

### Location:
East side of the Las Vegas Wash Trail between Harris Avenue and Bonanza Road, Las Vegas, Nevada

### Nominating Agency/Entity:
City of Las Vegas

### Funding Requested:
$3,700,000

### Project Description:
The City of Las Vegas proposes to design and construct the Harris Marion Park and Trailhead, a 4-acre site located on the east side of the Las Vegas Wash Trail between Harris Avenue and Bonanza Road. The project will address the needs of this underserved area by providing a park, trailhead, and scenic overlook containing environmental education interpretive signage. The project includes: soccer fields, bleachers, parking area, restroom, shaded picnic tables with barbecues, scenic overlook with seating and interpretive signs, shaded tot lots, 1/4-mile ADA walking track, drinking fountains, park benches, trash enclosure, 215 lineal ft of half-street improvements, landscaping, park lighting, equestrian paths and fencing, and regulation/information signs.
### Project Name:
Hollywood Regional Park Walking Trail

### Round: 17
Tab #: 5

### County: Clark

### Location: 1650 Hollywood Boulevard, Las Vegas, Nevada

### Nominating Agency/Entity: Clark County

### Funding Requested: $1,248,698

### Project Description:
Clark County is proposing to design and construct a walking trail within the Hollywood Regional Park located at 1650 Hollywood Boulevard, Las Vegas, Nevada. The approximate 1.25 mile paved trail will include amenities such as rest areas, picnic tables, benches, trail distance markers, interpretive/educational signage, trash receptacles, and doggy bag dispensers. The development of an additional 1.7 acres within the park will help offset this deficiency. Additionally, the location of the park, on the east bench of the Las Vegas Valley, includes a significant number of low to moderate income families.
Project Name: Jack Caylor Park Phase II

Round: 17  Tab #: 6

County: White Pine

Location: Avenue A between 10th Street and 11th Street, Ely, Nevada

Nominating Agency/Entity: White Pine County

Funding Requested: $492,271

Project Description:
White Pine County is proposing to design and construct additional recreation facilities at Jack Caylor Park located on Avenue A, in Ely, Nevada. The goal of the project is to continue upgrades and further enhance the experience of visitors to the adjacent to The Nevada Northern Railway Museum. The park will be used during social events at the Nevada Northern Railway Freight Barn Reception Center. The proposal would provide enhancements to public health and safety, ADA accessibility, and basic service needs. Specifically, the project would provide common park elements including a large group covered picnic area, landscaping and sprinkler system, restroom, horseshoe pits, paved parking lot, and regulation and interpretive signing.
**Project Name:** Kiel Ranch Historic Park Phase IV

**Round:** 17  
**Tab #:** 7

**County:** Clark

**Location:** 2465 Kiel Way, North Las Vegas, Nevada

**Nominating Agency/Entity:** City of North Las Vegas

**Funding Requested:** $1,995,300

**Project Description:**
The City of North Las Vegas will design and construct approximately two acres of the Kiel Ranch Historic Park located at 2465 Kiel Way. The proposal focuses on public access and interpretation, including a visitor overlook of the natural artesian spring and wetlands habitat area. The 7-acre park is a regional destination for the Las Vegas Valley. The park site is the last publicly owned remnant of the original 240-acre homestead settled by Conrad Kiel in the mid-1800s. Kiel Ranch was placed on the National Register of Historic Places in October 1975. The northern portion of the park will be developed with an overlook terrace that will provide a dramatic viewing area across the spring toward the lower end of the park. The overlook terrace will provide picnic and seating areas for park visitors. This phase will also include a small parking lot, interpretative kiosks, trails, and a signalized crosswalk connecting the park to the adjacent neighborhood.
Lincoln County will design and construct improvements to the Lincoln County Fairgrounds Recreation Park located in Panaca, Nevada, to enhance the outdoor recreation opportunities offered at the facility. The improvements are designed to encourage use of the park for picnicking, motorhome vehicle use, viewing of surrounding landscapes, and enjoying the variety of organized events scheduled at the fairgrounds. The project would enhance visitor safety, expand the types of events that can be scheduled and help the public learn more about the history and culture of Lincoln County. This project would serve the diverse interests of citizens who enjoy spending time outdoors, encourage a more active life style, and provide access improvements so every citizen can have an opportunity to enjoy healthy outdoor experiences. The project includes park lighting, shade structures, bleachers, picnic tables, announcer stand with sound system, ADA access enhancements, playground equipment, information/interpretation kiosks, horseshoe pits, scoreboard and timing systems, motorhome hookups, lighted animal crowding alley, and shaded animal holding area.
Southern Nevada Public Land Management Act of 1998, as Amended
Parks, Trails, and Natural Areas - Project Summary

Round 17

Project Name: MacDonald Canyons Nature Trail

Round: 17  Tab #: 9

County: Clark

Location: South side of the Sunridge Heights Parkway between the residential areas in MacDonald Ranch, Henderson, Nevada

Nominating Agency/Entity: City of Henderson

Funding Requested: $1,390,800

Project Description:
The City of Henderson is proposing to design and construct a nature trail system to be located within the Northern McCullough Range. The proposed trail system will be primitive in keeping with the inherent qualities of a nature park. The project will include hiking trails, signage and trail marking, lookout points/rest areas, a restroom, and vehicular access to a paved parking area from Sunridge Heights Parkway. The area is on approximately 40 acres of land owned by the City of Henderson.
Project Name: Milestone Park Phase I

Round: 17  Tab #: 10

County: Clark

Location: Downtown west of the Lake Mead Boulevard and Las Vegas Boulevard intersection, North Las Vegas, Nevada

Nominating Agency/Entity: City of North Las Vegas

Funding Requested: $2,208,475

Project Description:
The City of North Las Vegas will design and construct approximately 2.5 acres of a 4-acre park located within the Downtown North Las Vegas Redevelopment Area. Milestone Park would be a new park located on land provided by the North Las Vegas Redevelopment Agency. The park will create a safe community gathering space in the heart of downtown with the main focus of connecting the community with the natural environment while highlighting the unique cultural and historical elements found in North Las Vegas. There are two buildings located within the proposed park footprint. The first building is the Washington School (built in 1932) which is listed on the National Register of Historic Places and the second building is the North Las Vegas Library. Both buildings inspire the park’s uniting themes of community, culture, and education. This phase includes an entry monument, grass/lawn areas, historic themed play area, nature themed play area, walking trails, interpretative exhibits, and picnic areas. No SNPLMA funding will be used to enhance either of the buildings in the proposal.
Project Name: Pueblo Trail Enhancements

Round: 17  Tab #: 11

County: Clark

Location: Between Boulder Highway and Lake Mead Parkway on Pueblo Boulevard, Henderson, Nevada

Nominating Agency/Entity: City of Henderson

Funding Requested: $1,138,121

Project Description:
The City of Henderson will design and construct a 2.6 mile trail from Rico Guitar Drive, to Mohawk Drive including a connection along Mohawk Drive to Lake Mead Parkway Trail. The trail will include numerous amenities, including landscaping, drinking fountains, lighting, pet waste stations, and benches. This planned trail segment will be the first segment of the Pueblo Trail, which was a pre-proposal planning project funded by SNPLMA in 2009 to study future alignments for connecting the Nevada State College campus to Clark County Wetlands Park. The proposed trail alignment provides unprecedented access to schools, parks, trails, and commercial shopping districts. Many of the connecting trails will provide residents access to nearby federal lands including Lake Mead National Recreation Area and the River Mountains. The SNPLMA funds will only be used to provide trail amenities along the trail including landscaping, irrigation, benches, drinking fountains, pet waste stations, and lighting.
Project Name: Ruth Memorial Mining Park

Round: 17  Tab #: 12

County: White Pine

Location: Main Street and Sunshine Street, Ruth, Nevada

Nominating Agency/Entity: White Pine County

Funding Requested: $677,109

Project Description:

White Pine County will design and construct improvements to the Ruth Memorial Mining Park in Ruth, Nevada. The park honors those who served and/or lost their lives in the mines within and around Ruth, specifically, the Robinson Mining District. The proposal would allow for the interpretation of historical mining equipment, enhance public health and safety and accessibility, and provide an inviting atmosphere for visitors to recreate and honor those employees who worked at the mines and/or lost their lives. Specific deliverables include ADA access sidewalk, playground equipment, volleyball court, shade structures, fire pit with seating, park lighting, picnic tables, bbq grills, trash receptacles, regulation signs, and interpretive signs.
Parks, Trails, and Natural Areas - Project Summary

Round 17

Project Name: Southwest Regional Sports Park Multi-Use 5K Trail

Round: 17  Tab #: 13

County: Clark

Location: Southwest Regional Sports Park, Durango Drive and Windmill Lane, Las Vegas, Nevada

Nominating Agency/Entity: Clark County

Funding Requested: $2,673,177

Project Description:
Clark County will design and construct a multi-use 5K Trail in the Southwest Regional Sports Park located in the southwest portion of the Las Vegas Valley. The trail will be designed to accommodate walkers, joggers, and runners. The overall trail width will be 15 feet, with 10 feet of paved asphalt and 5 feet of compacted decomposed granite. Support amenities include wayside rest areas, shade structures, picnic tables, benches, educational and/or interpretive signs, trail distance markers/graphics, at-grade street crossings, pedestrian signalization (flashing lights), and security lighting.

<tr>
<td><strong>Project Description:</strong></td>
<td>White Pine County will design and construct improvements for the Duck Pond portion of the White Pine County Courthouse Park. The goal of this project is to continue to upgrade the primary county park, which is centrally located in downtown Ely, to serve the needs of residents and visitors, and provide a venue for community events. This project proposes to modernize the approximate half acre duck pond facility and improve public access and enhance public health and safety. The duck pond is deteriorating, creating functional difficulties and hazards to the public that are compounded by winter weather. The duck pond is a historic feature of the County Courthouse Park dating back to the early 1900's when it was initially used as an ice skating rink. In its current state, the pond leaks substantial amounts of water. Specifically, the project would provide an ADA accessible boardwalk, fountain reconstruction, covered picnic area, and regulation and interpretive signing.</td>

Project Name: Woofter Family Park Improvements

Round: 17  Tab #: 15

County: Clark

Location: 1600 Rocks Springs Drive, Las Vegas, Nevada

Nominating Agency/Entity: City of Las Vegas

Funding Requested: $2,000,000

Project Description:
The City of Las Vegas proposes the design and construction of the Woofter Family Park Improvements, a 9-acre park located at 1600 Rocks Springs Drive. This project proposes to update the park to meet the needs of the community by providing recreational opportunities in an open environment. Primary deliverables include: safety play surface, playground equipment, ADA drinking fountain, water feature, shade structures, landscaping, restroom, trash receptacles, benches, and signs.
