## WELCOME TO CAVITT CREEK FALLS RECREATION SITE!

Looking for a great spot to cool down on those hot summer days? Grab your swimming gear and head to Cavitt Creek Recreation Site. This site is best known for its swimming hole at the base of a series of small waterfalls and jumping salmon and steelhead in the fall and winter. For more adventure, head to the nearby Wolf Creek Falls Trail for a 1.2 mile walk to the view the 75' tall Wolf Creek Falls. Being away from the busier North Umpqua River corridor, Cavitt Creek proves you don't have to travel far to get off the beaten path.
