## Interactive Learning Experience

Resources and People (RAP) Camp has been providing exciting summer fun for students since 1992. The camp gives students a chance to learn about natural resource management by providing them an opportunity to take part in hands-on workshops taught by natural resource management professionals, outdoor recreation activities, and educational field trips.

This week long camp is held the second week of June at Camp Esther Applegate, on Lake of the Woods in south central Oregon. Each year, more than 60 high school age students have the opportunity to interact with each other and engage in outdoor pursuits. Students can apply for school credit at participating high schools.

RAP Camp is for teachers too! During the week teachers are introduced to unique and creative ways to introduce students to environmental education. Teachers receive curriculum development tools through the Wonders of Wetlands, Project WET, and Exploring Oregon's Past.

## Life at RAP Camp

Students at RAP Camp are housed in rustic multi-bunk cabins equipped with wood burning stoves and electric lights. Camp Esther Applegate has flushing toilets, vault toilets, running water, and showers.

Meals are served in a cafeteria style setting and are prepared in a common kitchen. Please indicate on your application if you have food allergies or other special dietary needs.

Participants are responsible for providing their own bedding, towels, and toiletries. Lake of the Woods is at an elevation of 4,950 feet and mornings and evenings will be cool. Warm jackets and shoes that are suitable for walking are recommended.
