

Play Agents of Discovery and learn about Santa Rosa & San Jacinto Mtns National Monument
Enjoy Your Backyard in a New Way and Have Fun!!!

Instructions

1. On a tablet or cell phone download the FREE Agents of Discovery app available on the App Store and Google Play to your iOS or Android mobile device.
2. To get the kids up and active, print this sheet, cut out the 4 Trigger Images; Hummingbird, Red-tailed Hawk, Coyote and Compass, and secretly place them around the backyard.
3. Open app and click Missions, go to Santa Rosa & San Jacinto Mtns National Monument. 4 teal colored Markers will appear.
4. Send the kids into the yard with their device and have them tap on any of the 4 teal Markers. Watch for Borrego the Bighorn's instructions to find a Trigger Image by name (ie Hummingbird).
5. Search the yard to find this image.
6. Use your screen to automatically capture the Trigger Image. 5 new Markers will appear on top of the teal Marker. These are the games. Tap one at a time and follow the on-screen prompts to play!
7. A green check mark confirms it has been played successfully. There are twenty activities in total. "USBees" account for your score during play!
