### **Errata 2**

### **ADDENDUM**

Please note the following corrections to our Notice of Competitive Lease Sale, Oil and Gas, dated October 14, 2016. The on-line auction is scheduled for December 13, 2016.

The following parcels were withdrawn from the December 2016 lease sale to allow the BLM more time to conduct further research into the status of possible pre-existing leases (7 parcels). Another 3 parcels are withdrawn as these parcels are subject to private oil and gas leases that were existing at the time the Federal government acquired the land and have active wells. If the BLM determines the 7 parcels are not subject to pre-existing oil and gas leases, the BLM will consider re-offering the leases in future sales.
