

Don't Let Your Investment Go up in Smoke

Burn Dry, Seasoned Firewood

Breathe easier and save money, energy, and time with these four simple steps:

1. **Split** wood for faster drying.
2. **Stack** wood split side down and away from buildings.
3. **Cover** top of the stack to protect it from rain or snow.
4. **Store and dry** softwood for at least 6 months and hardwood for at least 12 months.

Learn before you burn.
