Aldine,

Six of the nominated tracts were omitted from the proposed June sale. They are nominated tracts 11, 12, 13, 14, 15, & 16. The reason for their omission was that a part of the tracts are wetlands and BLM had not done its study of the tracts. I had requested that the lands not in the wetlands be put back on the sale schedule but that was not allowed.

I am attaching a US Wetlands map for the area of the tracts with the tracts depicted. I would like to request that the portion not in Wetlands as defined by the official wetlands maps be put on the next available sale.

Thank you very much.

Marina/Dean,

Please find attached a list of parcels in Ts 12N R42E, Ts11N, 13N and 14N R43E; and 13N & 14N R 44E. We would like to express our interest in the listed parcels and request that they be nominated for the next available lease sale.

This is the same list that we have been discussing recently with the requested modifications.

I will be sending a list of 5 parcels in 15N of 44E later on this afternoon,

Thanks you very much of your assistance.

Dave,

I just left you a voicemail to call me back as soon as you can. Yes, the deadline is still the 14th. You will need to fill out Offer to Lease Form 3100-11. Send it to our office at 1340 Financial Blvd. Reno, NV 89502 775-861-6500 with a check for the total amount due (filing fee plus 1st year advance rental) or send a lease form with a note for our public room to call you if you want to pay by a credit card. I think if you send it overnight, it would still make it here on time.

In addition, please make sure when you submit your presale offers/EOIs calculate the acreage for protracted lands based on the acreage provided on the MTPs. I have noticed that some sections that you listed, you didn't have the right acreage calculated.

Anyway, after initial review, I see that the proposed lands are available for leasing minus a couple of sections in T14NR43E that happened to be unavailable to a State Selection. Please remember that once we forward a parcel list to our district, there might be some additional issues that adjudication may not be aware of.

Again, please feel free to call me.

Sincerely,

Marina,

Thanks of the contact. I was going to call you today to see if there is anything that you need from me.

Is the dead line for submitting any resale offer the same as nominations- Sept 14,2016 for the next sale? When does the money have to be put up? What is the minimum bid?

Thanks for you help.

Dave,

I just wanted to let you know I'm currently reviewing your list and the lands. I will get back to you no later than monday to let you know which lands are available from our prospective so that you can make your nominations by September 14, 2016. Again, keep in mind that submitting presale offers might give you a better opportunity to acquire these lands. Let me know if you need help on how to submit your presales.

Sincerely,

Marina,

Thanks of your time yesterday and willingness to move the parcels to the next lease sale.

Please find attached a list of proposed parcels and legal descriptions numbering #3- #24 which are within in the discussed proposed unit boundary..

Some of the protraction blocks descriptions may need to be modified to include the entire protraction Block; if so , it is our desire to nominate the entire individual protraction block.

There are other parcels that are outside of the proposed unit boundary that we would like to nominate but this list is our priority. We will furnish you with a listing of approximately 11 more parcels that are in near by townships before the week is over.

I will send a list of the parcels that were nominated last year that did not make it to the June 2016 sale for various reasons before the day is over.

Thank you again for your assistance.

Aldine Reynolds (Dean) Will you please confirm that you got this e-mail today from Nevada Leasing Services?

Here is our EOI Nominations for the June 2017 sale. I have prioritized them. The 1-2 is very important. Please let me know in advance if it will be possible for these to get on the sale for June 2017. **That does not mean that we do not want the others on the sale!** I have clients for these parcels, and want you do know that none of them will acquire over 240,000 acres.

Thank you for your help on this matter on this.

Best Regards,

Rick Bailey
