

# Detail Area of NPS Federal Lands within GMU 13

## Attention Unit 13 hunters:

Wrangell-St. Elias National Park and Preserve lands are open to hunting, fishing and trapping under federal subsistence regulations. National Park Service lands in Unit 13 are at least 150 feet south of the center line of the Tok Cutoff. Private lands are intermixed with public lands, please be familiar with land status before entering. For access to the remaining federal public lands in Unit 13 south of the Tok Cutoff, please utilize the 17b easement near Mile 51. For current status or additional information, contact the Park Headquarters at (907)822-5234.
