State Director
Bureau of Land Management - Alaska State Office
222 W. 7th Avenue
Mailstop 13
Anchorage, AK 99513-7504

Dear Director:

Please do not enter any leases or take any other action to allow or facilitate fossil fuel development in the Arctic National Wildlife Refuge. I urge you to reject these actions:

- Fossil fuel development would add to already dangerous levels of greenhouse gas pollution causing climate damage throughout the United States including Iowa.
- Fossil fuel development there would unfairly compete with energy alternatives including renewable fuels grown and produced in Iowa.
- Fossil fuel development there would deprive Iowans today and in the future of the opportunity to visit the pristine wilderness of the refuge.
- Fossil fuel development there would adversely affect the health and culture of Alaska Native communities who live in and near the refuge.

Thank you for your consideration of my letter. Let me know if you need any additional information about the adverse impact that such actions would have on Iowa.

Sincerely,

A handwritten signature in blue ink that reads "Rob Hogg".

Rob Hogg
