

Bureau of Land Management Visitation Protocol and Ground Rules for the Desatoya Wild Horse Gather

The Bureau of Land Management (BLM) recognizes and respects the right of interested members of the public and the press to observe the Desatoya wild horse gather. At the same time, BLM must ensure the health and safety of the public, BLM's employees and contractors, and America's wild horses. Accordingly, BLM developed these rules to maximize the opportunity for reasonable public access to the gather while ensuring that BLM's health and safety responsibilities are fulfilled. Failure to maintain safe distances from operations at the gather and temporary holding sites could result in members of the public inadvertently getting in the path of the wild horses or gather personnel, thereby placing themselves and others at risk, or causing stress and potential injury to the wild horses and burros.

- The [CDC](#) has offered guidance to help people visiting public lands prevent the spread of infectious diseases. We will continue to monitor all functions to ensure that visitors adhere to CDC guidance for mitigating risks associated with the transmission of COVID-19 and take any additional steps necessary to protect public health. During the gather, the observants should follow local area health orders including Governor Sisolak's [standards](#) for individuals, businesses and employers, practice [Leave No Trace](#) principles, practice social distancing and avoid high-risk outdoor activities.
 - BLM reserves the right to limit media/public observers to comply with CDC guidance for social distancing.
- Public observation opportunities and gather operations may be suspended if bad weather conditions create unsafe flying conditions. A Wild Horse Gather Info Line has been set up at (775) 885-6101 and will be updated daily with the status of the gather.
- Visitors to the gather, including all media and members of the public, must **RSVP** by calling (775) 885-6107 – ***you must make your reservation by 5:00 p.m. the night before you intend to visit the gather activities.*** If you have RSVP'd, no later than 5:00 p.m. the night before, you will receive a call back on the schedule, meeting time and location no later than 9:00 p.m. that evening. The schedule, meeting time and location is **subject to change. If no RSVPs are received by 5:00 p.m., no public viewing will be available the following day.**
- Every effort is made to maximize viewing opportunities while ensuring safe and effective gather operations. Once the designated observation area is determined, it CANNOT be moved during that day's activities unless otherwise directed by the BLM.
 - Individuals will be directed to the designated observation area by BLM personnel and informed of behavioral rules (such as remaining quiet and still to ensure a safe and effective gather operation).
 - Visitors are NOT permitted to walk around the gather site and must be always accompanied by their BLM representative.
- BLM will establish one observation area, in the immediate area of the gather and possibly holding sites; BLM staff will escort individuals to each location. This area will be placed to maximize the opportunity for public observation while providing for a safe

and effective wild horses gather. The utilization of such observation areas is necessary due to the use and presence of heavy equipment and aircraft within the gather operation and the critical need to allow BLM personnel and contractors to fully focus on attending to the needs of the wild horses while maintaining a safe environment for all involved. In addition, designated observation areas will be situated to protect the wild horses from being spooked, startled or impacted in a manner that results in increased or unnecessary stress.

- Observers must provide their own 4-wheel drive high clearance vehicle, appropriate shoes, clothing, food, water, and extra gas.
- Observers are prohibited from riding in government and contractor vehicles and equipment.
- Observers are prohibited from climbing on to or trespassing into the BLM or Contractor's vehicles, equipment, or corrals.
- When BLM is using a helicopter or other heavy equipment near a designated observation area, members of the public may be asked to stay by their vehicle for some time before being escorted to an observation area until the use of the helicopter or the heavy machinery is complete.
- When given the signal that the helicopter is close to the gather site bringing wild horses in, visitors must sit down in areas specified by BLM representatives and must not move or talk as the horses are guided into the corral.
- Visitors must direct their questions and or comments to either their designated BLM representative or the BLM spokesperson on-site. Visitors may not engage other BLM or contract staff disrupting their gather duties and responsibilities - professional and respectful behavior is expected of all.
- BLM reserves the right to alter these rules based on changes in circumstances that may pose a risk to health, public safety, or the safety of wild horses (such as weather, lightening, wildfire, etc.)
