Yaquina Head Outstanding Natural Area 2023 Artist-in-Residence

In partnership with Oregon Coast Council for the Arts and Friends of Yaquina Lighthouses

Background

Yaquina Head Outstanding Natural Area (YHONA) was established by the U.S. House of Congress in order to protect unique resources and habitats found on a narrow, coastal headland created by ancient lava flows. The headland's hard basalt cliffs extend one mile into the Pacific Ocean and form tidepools teeming with life and unique habitat for seals and seabirds. Standing 93 feet tall at the westernmost point of the basalt headland, the Yaquina Head Lighthouse has been a bright beacon of the night, guiding ships along the west coast since the light was first lit on August 20, 1873. Yaquina Head ONA is a unit of the Bureau of Land Management's (BLM) - National Conservation Lands, find more information here: [Yaquina Head Outstanding Natural Area and interpretive center | Bureau of Land Management \(blm.gov\)](#)

The Oregon Coast Council for the Arts (OCCA) supports numerous arts programs and presents them at various venues on an annual or seasonal basis, all of which are supported by local businesses and individuals and by state arts organizations. OCCA is the hub of arts opportunities as the “go-to” source for information on Oregon coast arts and culture, connecting residents and visitors to all arts activities in an easy accessible manner. OCCA provides world-class arts experiences by bringing to our local community performances, educational opportunities and cultural events, highlighting local treasures and providing access to world-renowned artists. The Friends of Yaquina Lighthouses (FOYL) is a Cooperative Association partner with the Bureau of Land Management. Cooperating Associations, also known as “Friends Groups,” are private 501(c)3 nonprofit organizations formed by citizens to provide and support the educational and interpretive services of the parks, and to assist in the preservation and restoration of public lands and historic structures. More information can be found here: [Friends of Yaquina Lighthouses \(yaquinalights.org\)](#)

Mission Statement

The purpose of the Artist-in-Residence partnership is two-fold. First, it promotes awareness through art of the exceptional natural and cultural treasures protected by Yaquina Head ONA as a National Conservation Land. Second, the program seeks to support the Oregon Coast region as a destination for artists and those who love art. This AiR program is established to share the scenic beauty and unique stories of Yaquina Head ONA with the public through art.

The residency provides artistic and educational opportunities to promote a deeper understanding of the special resources that are protected at Yaquina Head ONA. It fosters dialogue about a public land conservation ethic and how that impacts local communities and it allows the artist to spend time in a stimulating, unique environment to pursue their work and share it with the public.

Location

YHONA is a 100-acre site, located in the community of Newport on the rugged Central Oregon coast. The site is surrounded by state beaches with many local parks in the region. Shopping and supplies are conveniently found in the community; Newport is an approximately 2.5-hour drive from Portland, Oregon.

Residency Details

Sponsors YHONA, OCCA, and FOYL award the selected AiR artist the opportunity to work in and around Newport, Oregon while serving as an ambassador for YHONA and the artistic community. Work completed during the residency should be of landscapes and resources found within YHONA. The residency period will be three and a half weeks, from May 30th - June 25th, 2023. Depending on schedule and discipline, the artist may be provided an exhibit space at the Newport Visual Art Center ([About - Oregon Coast Council for the Arts \(coastarts.org\)](#)) or at the Newport Performing Art Center ([Newport Performing Arts Center Archives - Oregon Coast Council for the Arts \(coastarts.org\)](#)),

Applicants must keep in mind that YHONA is a headland projecting a mile out into the rugged Pacific Ocean. Creative Community Project Proposal: The residency provides opportunities for learning and dialogue about the value of the National Conservation Lands, such as Yaquina Head ONA, and their connection to the local community. We believe that creativity and art give us an opportunity for such dialogue among the diverse perspectives held in the community. There are no set parameters for the community project beyond it being hosted outside (weather permitting). We welcome bold and creative ideas for engaging the community beyond a lecture or artist workshop. The details of this event will be discussed and coordinated with the selected artist prior to the start of the residency to provide time for scheduling, outreach, and marketing.

Volunteer Agreement: The selected artist will agree to be an official BLM Volunteer during the residency and must agree to sign and abide by the official BLM Volunteer Agreement during the residency period. As such the artist is protected by such insurance appropriate to the BLM Volunteer Agreement (DOI Form 1114-4).
