## **BLM to host wild horse and burro event in Lake Waccamaw, NC**

FLOWOOD, Ms.— The Bureau of Land Management will host a wild horse and burro placement event July 15 - 16, 2022, offering approximately 70 excess animals gathered from western rangelands at the Boys & Girls Home Exhibition Center, 400 Flemington Drive, Lake Waccamaw, NC 28450.

“The BLM has placed more than 240,000 wild horses and burros into private care since 1971,” said Southeastern States District Manager, Robert Swithers. “Many of those animals have found great homes, becoming excellent pleasure, show or work horses.”

Adoptions and sales will be held from 8 a.m. – 5 p.m. ET on Friday, July 15, and from 8 a.m. – 1 p.m. ET on Saturday, July 16. This event is open to the public, and educational tours are available by appointment.

Adopters and buyers must be at least 18 years old and able to verify the animal’s access to food, water, and adequate shelter. Animals that are adopted or purchased must be transported from the event site in an approved trailer.

The BLM’s Adoption Incentive Program was designed to help improve rangeland health in overpopulated herd management areas in the western states and to save taxpayer costs for animals held at off-range holding facilities. Through this program, qualified adopters are eligible to receive a \$1000 incentive payment upon title issuance for an untrained wild horse or burro. The incentive is available for all untrained animals eligible for adoption with an adoption fee of \$125 per animal.

Animals that are over 10 years old or younger animals who were unsuccessfully adopted out to new homes three times may be sold. BLM staff will be available to identify these animals to interested, qualified buyers. Purchasers will receive immediate ownership of the animals.
