F. David Radford, Deputy State Director of Geospatial Services  
BLM Eastern states offices  
5275 Leesburg Pike  
Falls Church, VA 22041

Dear Mr. Radford,

Please protect the magnificent Boundary Waters  
from the utter destruction that mining would  
cause — the pollution, the roads, the traffic  
from trucks and other heavy machinery would  
forever change this unique, untrammelled place.  
Think stary night by Vincent Van Gogh,  
— peaceful quiet; pristine waters,  
animals and plants. Please protect  
the treasured Boundary Waters from mining  
and the devastation it would bring,

Thank you,

Suzanne Steinhagen
