

December 13, 2021

Dear Sir:

I am writing to respectfully request that you DO NOT issue a permit for copper mining in Minnesota near the BWCA.

The BWCA is our "crown jewel" in Minnesota and as such is too precious to allow mining in the vicinity.

As you're probably aware the BWCA is a very popular tourist destination. In fact, so much so that they have recently had to restrict the number of permits issued.

This area is too fragile to risk allowing mining near it. We want to preserve this unique area for future generations!!

Thanks for your consideration,

Stephen Dunn
207 E Skyline Ct
Mankato, MN 56001

A handwritten signature in cursive script, appearing to read "Stephen Dunn", written in dark ink.
