BLM to host adoption and sales event in Doswell, VA

FALLS CHURCH, Va. – The Bureau of Land Management will host an adoption and sales placement event August 12-13, 2022, offering approximately 70 excess animals gathered from western rangelands at Meadow Event Park, 13048 Meadow Farm Road, Doswell, VA, 23047.

Adoptions and sales will be held from 8 a.m. – 5 p.m. ET on Friday, August 12, and from 8 a.m. – 1 p.m. ET on Saturday, August 13 with approximately 70 wild horses available. Burros will not be offered at this event.

Adopters and buyers must be at least 18 years old and able to verify the animal's access to food, water, and adequate shelter. Animals that are adopted or purchased must be transported from the event site in an approved trailer.

The BLM's Adoption Incentive Program was designed to help improve rangeland health in overpopulated herd management areas in the western states and to save taxpayer costs for animals held at off-range holding facilities. Through this program, qualified adopters are eligible to receive a \$1000 incentive payment upon title issuance for an untrained wild horse or burro. The incentive is available for all untrained animals eligible for adoption with an adoption fee of \$125 per animal.

Animals that are over 10 years old or younger animals who were unsuccessfully adopted out to new homes three times may be sold. BLM staff will be available to identify these animals to interested, qualified buyers. Purchasers will receive immediate ownership of the animals. To learn more about BLM's Wild Horse and Burro program, visit <https://www.blm.gov/whb>.

BLM

The BLM manages more than 245 million acres of public land located primarily in 12 western states, including Alaska, on behalf of the American people. The BLM also administers 700 million acres of sub-surface mineral estate throughout the nation. Our mission is to sustain the health, diversity, and productivity of America's public lands for the use and enjoyment of present and future generations.
