Dear Gloria:

Please include the following lands on the next available sale:

T. 21 South R. 32 East  
Sec. 20: NW  
Sec. 28: W2  
Sec. 30: SE

Surface ownership is Federal. Sec. 30: SE is still shown to be held by lease NM 104764, but the well on that lease appeared to be plugged in 2005, so there doesn't appear to be any production on that lease.

Thank you.
