

NEVADA Las Vegas

Recreation Fee Program Spending & Accomplishment Highlights 2022

Field Office

Logandale Trails

Logandale Trails

Las Vegas is in the final stages of amending the 1998 Resource Management Plan to designate the Logandale Trails area as a Special Recreation Management Area. This includes a Recreation Area Management Plan and Travel Management Plan. This year, Las Vegas published the Notice of Intent, had a 45-day public scoping period with a public scoping meeting, drafted the planning documents, had a 45-day public comment period and meeting on the draft documents.

Amount Expended: \$86,852.31

Clean up / Volunteer

2022 Logandale Trails, NPLD

Las Vegas successfully conducted several clean-ups around the Las Vegas field office in Nellis Dunes National Off-Highway Vehicle Recreation Area, Coyote Springs, Lava Butte Road, and Logandale Trails. These events allowed hundreds of volunteers to clean up tons of trash from the desert, including boats, tires and cars. The recreation team staffed tables at multiple education / outreach events, such as National Public Lands Day, Hump N Bump, Nellis Air show Spring Fling, and the Spring Jamboree.

Amount Expended: \$15,000.00

Recreation Fee Dollars

Recreation fee dollars are an investment in outdoor recreation. Current and future generations benefit as 100% of the funds collected are reinvested in the facilities and services that visitors enjoy, use, and value.

They support and enhance:

- Maintenance, repair, and facility enhancement related directly to visitor enjoyment, visitor access, and health and safety
- Interpretation, visitor information, visitor service, visitor needs assessments, and signs
- Habitat restoration directly related to wildlife- dependent recreation that is limited to hunting, fishing, wildlife observation, or photography
- Law enforcement related to public use and recreation
- Direct operating or capital costs associated with the recreation fee program

Other Accomplishments

Habitat restoration and resource protection included labor for recreation area monitoring and recreation area planning.

Operational costs to include fleet utilization, supplies, travel, training, and materials for projects.

Improvement of trail signage, adding signage and information kiosks.

Labor for SNDO Law Enforcement staff.

One new Outdoor Recreation Planner (GS-11) – Project Manager for Planning.

Revenue & Expenditures

End of Year Carryover:	\$883,353.00
FY22 Revenue	
Recreation Use Permits (RUPs)	\$0.00
Special Recreation Permits (SRPs)	\$638,754.00
Individual Special Recreation Permits	\$0.00
Interagency Passes	\$0.00
Total Recreation Fee Revenue for FY22:	\$638,754.00

FY22 Expenditures	
Repair & Maintenance	\$47,245.93
Visitor Services	\$348,006.98
Law Enforcement	\$4,331.83
Habitat Restoration	\$385,655.12
Collections/Overhead	\$11,218.49
Total Recreation Fee Expenditures for FY22:	\$796,458.35

Planned Activities

Muddy Mountains Travel Management Plan Area

- Trail maintenance and equipment for trail maintenance
- Maintenance and cleaning restrooms at Logandale trails.
- Fleet, fleet utilization, supplies, travel, training, and materials for projects.
- Visitor Services includes public outreach and education events, desert clean-ups, trash clean-up for Logandale, and managing SRPs.
- Habitat Restoration and Resource Protection includes the Muddy Mountains Travel Management Plan (TMP), cultural surveys for the Muddy Mountains Special Recreation Management Area, finalizing the Logandale Recreation Area Management Plan and TMP, and labor for recreation area monitoring and recreation resource inventories

FY23 Planned Expenditures

Repair & Maintenance	\$65,000.00
Visitor Services	\$235,650.00
Law Enforcement	\$30,000.00
Habitat Restoration	\$506,942.00
Collections/Overhead	\$20,000.00
Total Recreation Fee Expenditures for FY23:	\$857,592.00
Carryover Funds To FY23:	\$725,648.65
FY23 Projected Revenue:	\$450,000.00

Connecting with Communities

The Las Vegas Field Office (LVFO) Recreation Program works closely with various of user groups and local government such as Clark County Fire Department, Las Vegas Metropolitan Police Department, Nevada Highway Patrol, Nevada Department of Transportation and National Weather Service during special events on public lands to ensure the safety of all event participants and the public. These special events also help the Las Vegas communities by boosting the economy through lodging, restaurants, and local business.

The LVFO Recreation program also works with our community partners and OHV clubs such as Vegas Valley four Wheels to support recreation activities and determine how best to balance recreation with other activities and resources, such as energy and mineral development, utility infrastructure, transportation, and protection of natural and cultural resources. LVFO utilizes ArcGIS and Survey123 while conducting inventories and monitoring throughout recreation areas, sites, roads, and trails. This has helped incorporate the strengths of GIS and other new technology into the day-to-day management needs.
