

2016 FEB 11 PM 4:10

2-9-2016

To: BLM

We Recently purchased our home
thinking this would be a peaceful
place where we could Retire.

We do Protest the drilling of the 259
acre section of Lake Lewisville.

This lake is the home of ducks, birds,
deer & other species, we enjoy
watching all in the early morning & evening

This lake is used by Residents for
all water sports Activities & the
lake provides Flood Risk Management
as well as assisting with water supply

Please do not drill in Lake Lewisville,
this is our home and you would be
destroying it.
