**Re: Citizen, Stacy L Milligan, Protest Pursuant to 43 C.F.R. §3120.1-3 of the Proposed Auction by the Bureau of Land Management ("BLM") of Parcel NM-201604-043, being 258.90 Acres Located in Denton County, Texas (Lewisville Lake)**

Dear Ms. Leuders and Ms. Serrano:

I am writing regarding the proposed Bureau of Land Management (BLM) Gas Lease NM-201604-043, 258.90 Acres Located in Denton County, TX. (Lewisville Lake).

The following are in the interest of my family and our wellbeing in protesting this proposed lease:

☐ Lewisville Lake is the water supply of potable water to our residents. **I protest this action based on the concerns about the risks of fracking beneath Lewisville Lake and the potential contamination of drinking water.**

☐ The Corps of Engineers has identified areas of concern that need to be addressed. Lewisville Lake dam is currently undergoing repairs from the May 2015 storms. The following needs to be addressed:

- Reduction of under seepage and probability of internal erosion of the earthen dam structure.
- Improve slope stability and reduce probability of sliding of the earthen dam structure.
- Repair infrastructure at the risk of being compromised by uplift and erosion.
- Portions of the dam may not be stable under higher pool loadings.

The USACE is proposing to modify features at the Lewisville Lake Dam in order to reduce risk associated with dam operation and extend longevity of the dam. **I protest action based on the concerns of the risks of fracking beneath Lewisville Lake and the potential that seismic activity with associated fracking could exacerbate the identified risk.**

**I believe Lewisville and immediate surrounding areas raw water supply source to be Lewisville Lake along with our treated water. I protest this action based on concerns of the risks water contamination and ultimately my families health.**

In addition, I protest the proposed auction of the above-referenced tract and above-referenced lease of Parcel NM-201604-043.

*Due to all the reasons listed above I am submitting this protest and object to the proposed auction of a mineral lease of Parcel NM-201604-043, and respectfully requests that said parcel be withdrawn from the April 20, 2016 auction.*
