PO Box 27115
Santa Fe, NM 87502-0115

2016 FEB 16 PM 6:27

We PROTEST the sale of leases in or around Lake Lewisville Texas!!

We are against drilling and fracking in this area.

Our reasons:

ANY movement of ground could contribute to DAM FAILURE. No one can absolutely guarantee that the Dam, in its current condition would be safe. Even the slightest possibility of water contamination is unacceptable.

Hundreds of thousands of people will be affected by this. Please do not drill near Lake Lewisville!!!

The block contains two handwritten signatures in dark ink. The signature on the left is 'Jean Coulter' and the signature on the right is 'Bill Coulter'. Both are written in a cursive, flowing style.
