

To the BLM

We are 2 of the 431,000 people who are in the path of the Lewisville lake dam break (should it occur) and are protesting your proposal to allow gas drilling under Lewisville Lake in Lewisville, Texas. Please remove this property from the April 20th auction in Santa Fe NM and then, commission an environmental study of gas drilling on Lewisville Lake to ascertain how future drilling would impact the surrounding environment and whether it would impact public safety.

Gail Thomas Thank you,
