To whom this may concern:

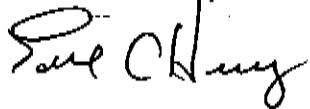

My name is Edward A Hernandez. My family resides at 256 Lakeland Drive, Highland Village , Texas.

We live on the lake and realize the drilling for any mineral rights will destroy the integrity of Lake Lewisville. This will destroy the lake and we already have seen the damage caused by the drilling in areas surrounding Texas. The current dam is In jeopardy and the issue with any type of vibration could be catastrophic! We are protesting any drilling on or below Lake Lewiville. I would like to formally note we are disagreement with the sale or lease of any mineral rights to be used for the purpose of drilling in or around the area of our home.

Thank you
