Subject: Objection to the Proposed Oil & Gas Drilling Under Lewisville Lake

My wife & I live on the West side of Lake Lewisville, just North of the proposed lease, so we have some interest in this. I guess all we want to know is:

ARE YOU PEOPLE OUT OF YOUR MINDS?

You honestly propose allowing increased seismic activity under a lake with a bad dam? Get the Corp of Engineers to fix the dam and then the winning bidders can frack to their little heart's content, but until then.....NO.

Sincerely,

Terry & Lynne Newman
