To Whom This Concerns:

Please accept this letter as my *official protest* of the plan to auction off 259 acres of US Army Corps of Engineers property on the Hickory Creek side of Lake Lewisville, in Texas, for gas drilling. I am greatly concerned this drilling can put my community and my family at great risk for water contamination.

Sincerely,

A handwritten signature in black ink that reads "Tara Roberts". The signature is fluid and cursive, with a long horizontal line extending from the top of the first letter 'T'.
