

I am a Texas resident, and as such, I have an interest in the auction of land around Lewisville Lake (NM-201604-043, 258.90 Acres). I believe that auctioning this land would pose a serious risk to the damaged Lewisville Lake Dam as well as to the water supply for all Texans. Please do not allow the auction of NM-201604-043.

A handwritten signature in black ink, appearing to read "G. L. Brown" or similar, with a long horizontal flourish extending to the right.
