The Bureau of Land Management New Mexico Office
P.O. Box 27115
Santa Fe, NM 87502-0115

To Whom It May Concern:

I would respectfully like to protest the auction of fracking rights in the Lewisville, Texas, area.

As you may or may not be aware already, the Lewisville Lake Dam is in a highly critical state. Any disturbance to area soils could have catastrophic consequences. The dam has been ranked as Dam Safety Action Class 2 meaning "very high risk" and "failure initiation foreseen" by the Army Corps of Engineers.

For reference and/or further information, please see this article from *The Dallas Morning News*:
<http://interactives.dallasnews.com/2015/lewisville-dam/>.

Please do not engage in any activity that would encourage fracking in this area.

Thank you for your consideration.

Sincerely,

Kim Monroe
