

# GREAT AMERICAN OUTDOORS ACT

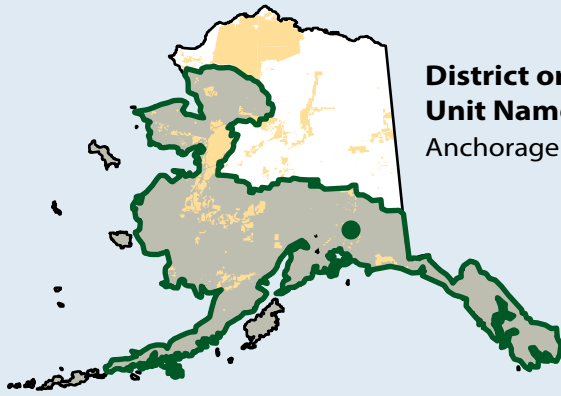

## Glennallen Warehouse Consolidation

Project ID: L303

Building and Structures Project

# ALASKA

**District or Unit Name:**  
Anchorage District

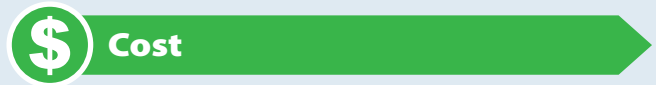

**Recreational Values:** Camping, environmental education, fishing, float trips, hunting, interpretive programs, off-highway vehicle use, wild and scenic river, wilderness

**Description:** The Glennallen Field Office storage buildings support numerous recreation and resource programs across 4 million acres of public land in Alaska. This project consolidates scattered warehouse, storage, and maintenance facilities, totaling approximately 6,440 square feet, into one consolidated facility of approximately 5,900 square feet. The energy-efficient replacement facility will eliminate considerable deferred maintenance and offer safer asset protection and working space for staff.

**GAOA Funding, Fiscal Year 2023:**

### \$4,706,000

**Estimated Deferred Maintenance Reduction:**

### \$4,672,000

The complexities within the project result in a cost that is greater than the amount of deferred maintenance that will be reduced.

**Total Economic Impact of Project:**

Existing Glennallen maintenance and storage buildings

**Priorities Addressed:**
