

Eastern States 2024 Wild Horse and Burro Placement Opportunities

The BLM offers wild horses and burros for adoption or purchase at events throughout the year; these events include Online Corral events with various pick-up locations, and in-person private care and placement events. Providing a home for a wild horse or burro is a challenging and rewarding experience. For qualified individuals, this is a unique opportunity to care for, and then own a symbol of American history. If you would like to adopt or purchase at any of these locations, applications will be available on-site; you can also complete an application online anytime.
