Recreation Fee Program Spending & Accomplishment Highlights 2024

Field Office

Campground Hosts

Amount Expended: \$24,250.00

This summer, the Redding Field Office had a full complement of campground hosts to keep things running smoothly in our campgrounds. We offer a small daily stipend to our campground hosts - but they are invaluable in the work we do! They keep things clean, ensure visitors are following campground rules, monitor campfires, and interact with visitors. This year we had 9,293 "visitor days" at our 4 campgrounds – our campground hosts likely interacted with each of these campground visitors.

Supplies to Maintain Facilities

Amount Expended: \$14,253.63

Recreation fees are vital to continue to provide top-notch facilities for people who pay fees. Buying supplies like toilet paper, cleaning supplies, trash bags, and maintenance equipment is critical to keeping our facilities properly maintained. Unfortunately, vandalism happens every year, so we must replace locks, doors, windows, and re-paint the buildings when needed. We always have to make sure the CXTs are in great shape and fully stocked with toilet paper!

Other Accomplishments

- The BLM continued to maintain our fishing access points and monitor commercial use
- Brush and trees are growing back along the many of our trails. Brushing trails remove encroaching vegetation and keeps them open for safe, enjoyable public use
- Field office employees spend time cleaning, painting, and repairing recreational facilities like trailheads and bathrooms

Recreation fee dollars are an investment in outdoor recreation. Current and future generations benefit as 100% of the funds collected are reinvested in the facilities and services that visitors enjoy, use, and value.
