Recreation Fee Program Spending & Accomplishment Highlights 2024

Rally Colorado Racing Event

OHV Interns monitoring at Rally Colorado.

Amount Expended: \$11,011.60

Rally Colorado is an annual racing event hosted in Rangely, Colorado. The WRFO works with promoters, city of Rangely, partners and first responders to facilitate a safe and thrilling weekend for participants and spectators. The race is hosted on a combination of county and BLM roads. Our recreational staff monitored this year's event. WRFO field staff made contacts with spectators and other OHV enthusiasts to remind everyone about Leave No Trace principles and educate public land users about local trail systems and routes they may enjoy.

WRFO CXT installation Project

Implementation at North Rangely OHV Open Area

Amount Expended: \$16,757.78

The North Rangely OHV Open Area CXT installation project has been a success in helping create a local OHV area for the community to have access to amenities including a CXT, parking area, signage, and a loading ramp. These amenities support a variety of community and special recreation events on public lands surrounding the Rangely area. Implementing amenities supports Leave No Trace principles and increased stewardship on public lands.

Planned Activities

Public Lands Day at North Rangely OHV Open Area.

WRFO's recreational program plans to continue to tackle the immense signage work still needing to be completed in the Rangely and Dinosaur OHV areas.

WRFO will install 14 new kiosks this season. 11 of the kiosks will be replacements and three will be new kiosks installs.

North Rangely Open Area cabana installation project will continue to move forward during the upcoming field season. The cabana will complement the recently installed CXT from last year.

Recreation fee dollars are an investment in outdoor recreation. Current and future generations benefit as 100% of the funds collected are reinvested in the facilities and services that visitors enjoy, use, and value.
