### Recreation Fee Program Spending & Accomplishment Highlights 2024

Field Station

#### Non-Motorized Trail Maintenance

*Volunteers showing off their hard work*

**Amount Expended: \$300.00**

Throughout 2024, the BLM and our partner, MORE, provided 3 trail work days with over 80 hours of trail maintenance on the mountain bike trails. The biggest trail maintenance project happened in May, where a group of 12 volunteers came out to Meadowood SRMA to fix an erosion issue on South Branch Loop. The volunteers rebuilt the waterbar with a mixture of stone, gravel, and rocks. Since finishing this project, this section of trail has not had any standing water. Our office appreciates the hard work from our volunteers for completing over 7 miles of trail.

#### Trees Along Thompson Creek Signs

*Hiking reading a tree identification sign*

**Amount Expended: \$640.00**

During the fall of 2023, Meadowood SRMA hosted an art contest with the local elementary school for drawing native trees found along Thompson Creek. The BLM staff announced the winners of the twelve signs in the winter of 2023 at the elementary school. In the spring of 2024, the BLM put the finishing touches on the designs and printed them out. In June, the BLM staff installed the signs along Woodthrush Trail and Hidden Pond Trail. Each sign provides context about a tree's leaf, bark, fruit, flower, height, and a fun fact.

*Recreation fee dollars are an investment in outdoor recreation. Current and future generations benefit as 100% of the funds collected are reinvested in the facilities and services that visitors enjoy, use, and value.*
