### Recreation Fee Program Spending & Accomplishment Highlights 2024

Field Office

#### NPLD

*Volunteers replacing fire rings.*

**Amount Expended: \$1,750.00**

National Public Lands Day occurred on September 28, 2024 at the Water Canyon Recreation Area. Volunteer stewardship projects included the removal of two old and rusty fire rings that were over 20 years old, and the installation of two new ADA compliant fire rings. The new fire rings were installed at campsites #1 and #7. Our volunteers, The Smith family and Michelle S. worked diligently to install the new fire rings in record time. Steve T., our new Outdoor Recreation Planner, manned our set up area and made contacts with campers and day users.

#### GYSD (Global Youth Service Day)

*Volunteers restoring the interpretive trail.*

**Amount Expended: \$355.60**

Global Youth Service Day occurred on 4/26/2024 at the Lovelock Cave, Nevada. Over 30 volunteers participated in stewardship projects. These projects included the construction of a 20-foot-long rock retaining wall, restoring the interpretive trail back to its original width. Large rocks, gravel and fill dirt were all carried up the trail by the volunteers using buckets. A user created trail was decommissioned by the younger participants in the group and the parking area was filled and graded due to water erosion.

*Recreation fee dollars are an investment in outdoor recreation. Current and future generations benefit as 100% of the funds collected are reinvested in the facilities and services that visitors enjoy, use, and value.*
