### **NOTICE OF COMPETITIVE GEOTHERMAL INTERNET LEASE SALE ISSUED**

**July 11, 2025**

### **AMENDMENT #2**

On July 11, 2025 a Notice of Competitive Geothermal Internet Lease Sale (Notice of Sale) was posted announcing an internet based competitive geothermal lease sale for 13 parcels containing 22,685.47 acres located in the State of California.

The following stipulation is added to all parcels in the sale:

#### **CASO-LN-4 Mining Claims**

This parcel may contain existing mining claims and/or mill sites located under the 1872 Mining Law. To the extent it does, the geothermal lessee must conduct its operations, so far as reasonably practicable, to avoid damage to any known deposit of any mineral for which any mining claim on this parcel is located, and should not endanger or unreasonably or materially interfere with the mining claimant's operations, including any existing surface or underground improvements, workings, or facilities which may have been made for the purpose of mining operations. The provisions of the Multiple Mineral Development Act (30 U.S.C. 521 et seq.) shall apply on the leased lands.

If you have questions regarding this amendment, please contact Gary Parent, Land Law Examiner, at 916-978-4381, write to the attention of CA922.g at the address on the letterhead, or send electronic mail to [gparent@blm.gov](mailto:gparent@blm.gov).
