

2026 Updated Motorized Route Designation

Silver Valley Map 4

NOTE: Motorized vehicle travel (except snowmobiles) is "limited" to designated motorized routes on all BLM managed lands, except within areas designated as "closed" (see legend). Some of the designated motorized routes also have vehicle class and/or seasonal restrictions. Motorized cross-country travel is prohibited, except for snowmobiles. Snowmobile's are allowed to travel off-route on all BLM lands, except where depicted otherwise on this map. Public access thru Non-BLM lands could change without notice due to change of ownership.
