

UNIT 2 SELECTION CRITERIA-DESIGNATION BY PRESCRIPTION EXHIBIT E

The Selection Criteria shown below shall be used by the Purchaser in determining which trees are to be retained and which trees are to be cut and removed. The Selection of retention shall comply with Lane Mountain Special Provisions Sec 43. Along the West and South ownership lines of Section 34, the Purchaser shall leave all boundary trees marked with any of the following: blazes, RED paint, and/or poster tags.

Unit 2 Prescription:

1. Remove live conifers to leave an stand average of 50 square feet of basal area per acre (BA/AC)
 - Leave healthy green timber from 40-60 BA/AC
 - Remove the least healthy green trees that exceed this density.

COMPLIANCE INSPECTION:

Non-compliance with the Prescription and/or Selection Criteria shall constitute a contract violation which may result in a suspension of operations as provided in Section 10 of the contract. Inspection will consist of a field review of the selection of leave trees in compliance with basal area retention of 40-60 BA/AC.
